TYPES OF FINANCIAL AID

Financial aid is federal, state, institutional and private monies used to assist eligible students in funding their education. Financial aid can be a combination of scholarships, grants, loans, tuition waivers, and student employment.

SCHOLARSHIPS
Scholarships are funds that do not have to be repaid. They are awarded based on a student meeting certain eligibility criteria. Scholarships are provided by a variety of sources on and off campus.

GRANTS
Grants are funds that do not have to be repaid. They are available to students who meet financial need criteria.

LOANS
Loans allow students to borrow money for educational expenses at low interest rates. Generally, loans must be repaid after you leave college.

STUDENT EMPLOYMENT AND WORKSTUDY
Student Employment helps students pay for college while providing work experience. Work-study is available for students who meet financial need criteria. Student employment jobs do not require financial need.

TUITION WAIVERS
Non-resident tuition waivers allow students who are not Texas residents to pay the fees and charges required of students from Texas. These waivers are available to those awarded a competitive University academic scholarship.

AGGIE ASSURANCE PROGRAM
Texas A&M University is committed to low and middle income students through the Aggie Assurance program. Aggie Assurance aids students with a family income of $60,000 or less by pledging to provide a combination of enough scholarships and grants to pay tuition for all eligible students.

COSTS

Your estimated cost of attendance (COA) doesn’t just cover your college tuition; it takes into account your basic living expenses, too. So think about this: it is going to cost you the same amount to live for the next few years whether you’re in college or not.

When comparing financial aid packages from other schools, make sure you are comparing the total cost for attending that school, not just the total financial aid awarded.

HOW TO DETERMINE FINANCIAL NEED

The Expected Family Contribution (EFC) is calculated from the information you (and your parents/spouse) report on your financial aid application. Financial need is the basis for offering most student aid awards.

CALCULATING YOUR NET COST

Use Texas A&M’s cost of attendance then subtract any grants and scholarships you have been offered. This will determine your net cost (out of pocket).

NET COST

Net cost is calculated to assist you and/or your family in determining the cost of school after taking into consideration any funding that does not have to be repaid. Check the Shopping Sheet in your Financial Aid Portal. Students and possibly their parents typically borrow from various student loan programs to help meet the total cost of educational expenses.
APPLYING FOR AID

FREE APPLICATION FOR FEDERAL STUDENT AID (FAFSA)
Complete the FAFSA online at fafsa.gov. The FAFSA is available October 1. We recommend applying as early as possible. By completing the FAFSA, you are applying for all federal, state and institutional aid. This includes grants, loans and work-study. The school code for TAMU is 003632.

If you do not already have a FSA ID, you can create one when logging in to fafsa.gov.

TEXAS APPLICATION FOR STATE FINANCIAL AID (TASFA)
If you are not eligible to complete the FAFSA because of citizenship or visa status, but you are eligible to be classified as a Texas resident for tuition purposes, you may apply for state financial aid through the TASFA. You must complete the TASFA to be considered for many scholarships, grants and loans. All supporting documentation must be submitted before a TASFA is considered complete. You may download the application at financialaid.tamu.edu.

AFTER APPLYING

DETERMINING YOUR FINANCIAL NEED
Your expected family contribution (EFC) is the amount of out-of-pocket expenses that you and your parent(s) are expected to provide toward your educational costs either from income, savings, or non-need-based loans. The EFC is calculated from the information you (and your parents/spouse) report on your FAFSA/TASFA. Financial need is the basis for offering most student aid programs.

PROCESSING YOUR FINANCIAL AID
Once we receive the results from your FAFSA/TASFA, we will calculate your financial aid eligibility for the academic year. If you are asked to provide additional documentation by our office, all requested documents must be received by our office before your aid is disbursed. All offers are made on a first come, first served basis. Once you have received your offer letter in the mail, log on to the Howdy Portal at howdy.tamu.edu. Click on the My Finances tab and enter the Financial Aid Portal to accept/reduce/decline your aid. Accepting your financial aid does not confirm your admission to Texas A&M.

HOW TO REPORT OUTSIDE SCHOLARSHIPS AND OTHER RESOURCES
If you are the recipient of scholarships or other resources (from a source other than Texas A&M University), you must report those resources to our office as soon as possible.

• To report an award from an outside source, please complete the Student Data Form in the Financial Aid Portal
• Mail scholarship checks you receive to Scholarships & Financial Aid or place in the drop box in our main lobby on the second floor of the Pavilion
• The Donor Form is to be used by donors to inform the University on how they would like us to distribute the scholarship funds they are providing. This form can be found online at scholarships.tamu.edu
• An adjustment to your financial aid package may be necessary
• You may be required to repay financial aid you have already received if you are no longer eligible for those aid programs as a result of these additional resources
• Unless your scholarship check is accompanied by specific instructions from the donor, it is our policy to divide all scholarships of $1,000 or more into two equal payments to be disbursed at the beginning of each semester (fall and spring)
